Every flute is unique because of the

Acces PDF Bamboo Flute Playing Guide

natural bore of the bamboo. One fingering may work fine for one flute and not the other, especially in the higher notes.

Experiment with different fingerings and write down on a piece of paper the fingering and a little description of the characteristics and pitch of the tone so that you will remember them when you want

How to Play - Serenity Bamboo Flute

The bamboo flute is a reedless woodwind instrument, so to generate sound you must create a column of air inside of the flute.

To do this, you must blow air across the mouthpiece, rather than into it. Lift up all your fingers and, with pursed lips, blow a steady stream of air over the mouth hole.
