From that lowly, drug-hazed night, Moyers went on to become an executive at the Hazelden Foundation and travels far and wide to talk about addiction and treatment. Broken tells the story of what happened between then and now—from growing up the privileged son of Bill Moyers to his descent into alcoholism and drug addiction, his numerous stabs at getting clean, his many relapses, and how he managed to survive.

frightening in its very realism." -USA Today

The son of broadcaster Bill Moyers shares his harrowing personal battle with alcoholism and drug addiction, describing his privileged childhood, multiple relapses, and rise to a key player at the Hazelden Foundation, through which he conducts motivational intervention programs. 100,000 first printing.

A former addict provides information for those dealing with addiction, including identifying when someone needs help, finding a treatment program, and establishing a support system.

Up from Down is not a book about gloom and doom, but an inspirational book that offers hope to all who have faltered. Strung out on heroin, Ted Adamson began his journey with a SWAT team descending on a pharmacy to stop his wild rampage in search of drugs. From the cruelty in the county jail to race riots in state prison, the hard, gritty life of a drug addict is portrayed in all its real-world ugliness and despair. Join Ted as he gives us a picture of what the life of a junkie is really like. Look inside the dark side of drug treatment programs. From the bizarre therapies of the Synanon-like Family to the modern twelve-step programs, you will see what passes as treatment in the modern recovery movement. Up from Down takes readers to the depths of human degradation then brings them back through a journey of redemption.

The son of broadcaster Bill Moyers shares his personal battle with alcoholism and drug addiction, describing his privileged childhood, multiple relapses, and rise to a key player at the Hazelden Foundation, an addiction treatment center.

America Anonymous is the unforgettable story of eight men and women from around the country -- including a grandmother, a college student, a bodybuilder, and a housewife -- struggling with addictions. For nearly three years, acclaimed journalist Benoit Denizet-Lewis immersed himself in their lives as they battled drug and alcohol abuse, overeating, and compulsive gambling and sexuality. Alternating with their stories is Denizet-Lewis's candid account of his own recovery from sexual addiction and his compelling examination of our culture of addiction, where we obsessively search for new and innovative ways to escape the reality of the present moment and make ourselves feel "better." Addiction is arguably this country's biggest public-health crisis, triggering and exacerbating many of our most pressing social problems (crime, poverty, skyrocketing health-care costs, and childhood abuse and neglect). But while cancer and AIDS survivors have taken to the streets -- and to the halls of Congress -- demanding to be counted, millions of addicts with successful long-term recovery talk only to each other in the confines of anonymous Twelve Step meetings. (A notable exception is the addicted celebrity, who often enters and exits rehab with great fanfare.) Through the riveting stories of Americans in various stages of recovery and relapse, Denizet-Lewis shines a spotlight on our most misunderstood health problem (is addiction a brain disease? A spiritual malady? A moral failing?) and breaks through the shame and denial that still shape our cultural understanding of it -- and hamper our ability to treat it. Are Americans more addicted than people in other countries, or does it just seem that way? Can food or sex be as addictive as alcohol and drugs? And will we ever be able to treat addiction with a pill? These are just a few of the questions Denizet-Lewis explores during his remarkable journey inside the lives of men and women struggling to become, or stay, sober. As the addicts in this book stumble, fall, and try again to make a different and better life, Denizet-Lewis records their struggles -- and his own -- with honesty and empathy.

Incarceration to Executive Dr. Michelle Shaivitz shares her journey in her new book, *Broken is a Gift*. Not just a tale of personal triumph, *Broken is a Gift* gives readers a blueprint for realizing their own potential. Part personal narrative, part self-help, this book is both engaging and enlightening. Anyone who has ever struggled with just existing from one day to the next will identify with Michelle's personal story. With a beautiful family, nice house, good job and all the things that come with that, Michelle was silently struggling. An alcohol addiction pushed Michelle to rock bottom and landed her in jail. During her struggles and her journey, Michelle realized, sitting in the middle of her cold jail cell that being broken was a gift because it meant she could rebuild herself however she wanted. Today, Michelle leads a local nonprofit organization, appears as a speaker, and provides personal coaching to people interested in living a life they don't want to get away from. After realizing that "You cannot be the captain of your ship if you are also the anchor that is weighing you down," Dr. Shaivitz has made a point of focusing on solutions for change, not just the problems.

**A NEW YORK TIMES BESTSELLER** More people than ever before see themselves as addicted to, or recovering from, addiction, whether it be alcohol or drugs, prescription meds, sex, gambling, porn, or the internet. But despite the unprecedented attention, our understanding of addiction is trapped in unfounded 20th century ideas, addiction as a crime or as brain disease, and in equally outdated treatment. Challenging both the idea of the addict's "broken brain" and the notion of a simple "addictive personality," *The New York Times Bestseller, Unbroken Brain*, offers a radical and groundbreaking new perspective, arguing that addictions are learning disorders and shows how seeing the condition this way can untangle our current debates over treatment, prevention and policy. Like autistic traits, addictive

behaviors fall on a spectrum -- and they can be a normal response to an extreme situation. By illustrating what addiction is, and is not, the book illustrates how timing, history, family, peers, culture and chemicals come together to create both illness and recovery- and why there is no "addictive personality" or single treatment that works for all. Combining Maia Szalavitz's personal story with a distillation of more than 25 years of science and research, *Unbroken Brain* provides a paradigm-shifting approach to thinking about addiction. Her writings on radical addiction therapies have been featured in *The Washington Post*, *Vice Magazine*, *The Wall Street Journal*, and *The New York Times*, in addition to multiple other publications. She has been interviewed about her book on many radio shows including *Fresh Air* with Terry Gross and *The Brian Lehrer* show.

A guide to all kinds of addiction from a star who has struggled with heroin, alcohol, sex, fame, food and eBay, that will help addicts and their loved ones make the first steps into recovery “This manual for self-realization comes not from a mountain but from the mud...My qualification is not that I am better than you but I am worse.” —Russell Brand With a rare mix of honesty, humor, and compassion, comedian and movie star Russell Brand mines his own wild story and shares the advice and wisdom he has gained through his fourteen years of recovery. Brand speaks to those suffering along the full spectrum of addiction—from drugs, alcohol, caffeine, and sugar addictions to addictions to work, stress, bad relationships, digital media, and fame. Brand understands that addiction can take many shapes and sizes and how the process of staying clean, sane, and unhooked is a daily activity. He believes that the question is not “Why are you addicted?” but “What pain is your addiction masking? Why are you running—into the wrong job, the wrong life, the wrong person’s arms?” Russell has been in all the twelve-step fellowships going, he’s started his own men’s group, he’s a therapy regular and a practiced
