also addressed new issues on fundamentals of fracture mechanics and contact mechanics, and a session on reliability and standardization.

In recent years numerous films, television series, comic books, graphic novels and video games have featured time travel narratives, with characters jumping backward, forward and laterally through time. No rules govern time travel in these stories. Some characters move by machine, some by magic, others by unexplained means. Sometime travelers can alter the timeline, while others are prevented from causing temporal aberrations. The fluid forms of imagined time travel have fascinated audiences and prompted debate since at least the 19th century. What is behind our fascination with time travel? What does it mean to be out of one's own era? How do different media tell these stories and what does this reveal about the media's relationship to time? This collection of new essays—the first to address time travel across a range of media—answers these questions by locating time travel narratives within their cultural, historical and philosophical contexts. Texts discussed include Doctor Who, The Terminator, The Georgian House, Save the Date, Back to the Future, Inception, Source Code and others.

"Mostruoso", "servile", "una merdaccia". È il ragioniere Ugo Fantozzi,

impiegato di mezza tacca un po' sfigato e un po' eroe popolare. Il personaggio di Villaggio ci ha fatto ridere per mezzo secolo e ha iniettato nei nostri discorsi un intero vocabolario di comicità, dai "mutandoni ascellari" al "Megadirettore Galattico", dalle "craniate" al "com'è-umanolei". Ma non solo. Sicuri di non riconoscere, nelle pieghe grottesche dell'Italia dei nostri giorni, quel suo mondo fantozziano lastricato di eccessi di cattivo gusto, megalomani rampanti e titoli onorifici in maiuscolo? Con un saggio di semiotica fantozziana di STEFANO BARTEZZAGHI

Com'è stata l'infanzia del ragioniere più italiano d'Italia? Cosa è accaduto il suo primo giorno di scuola, quando ha subito l'umiliazione della prima interrogazione? Com'è che si è iscritto a ragioneria, lui che voleva fare l'aviatore? Com'è stato il primo incontro con Filini, amico di una vita? E poi il matrimonio, la figlia Mariangela, la prima figuraccia con il Megadirettore...
