What would you do if all of your hopes and dreams were crushed in an instant? In Get Your Hopes Up, the author gives us a vulnerable look into her life while going through what seemed to be some insurmountable difficulties with an unbelievably positive attitude. In the forty-third chapter of Isaiah, he begins talking about when we pass through the rivers saying they won't overflow us or when we go through fire we won't be burnt. But what about when it feels like He saves us from the fire by dumping us in the river and turns around to do it all again and again? Written as if she were talking to you across the table as a friend, with humor she describes her journey with resilience and an incredible faith and vision. Be encouraged as you read that even in her darkest hour, she still saw God as good and hung on to the promise that He had a far greater vision for her life than the broken dreams she was now holding.

When we're down to nothing, God is up to something--truths to teach us, answers to satisfy us, assurance to bolster us, resources to supply us, or directions to guide us. In this book, Robert Schuller chronicles a particularly dark period in his life and shares with the reader what he learned God was up to in his relationships, meeting his needs like health and finances, providing guidance in his emotional life, but most of all, in learning to know and trust God more.

Two brothers use their imaginations to turn their surroundings--from a white bandana and yellow coins to a red blanket and even their baby sister-- into a colorful pirate adventure before naptime.
