Prepare your students to perform at their best with the latest streamlined and reorganized edition of this innovative managerial accounting text. Hansen/Mowen's *MANAGERIAL ACCOUNTING*, 8E reflects the latest developments in managerial accounting today with a strong decision-making approach that integrates unmatched coverage of contemporary topics, such as strategic cost analysis, ABC, and quality cost management, with traditional coverage of issues such as job order and process costing. Unique, full chapters on environmental accounting and lean accounting further highlight cutting-edge concepts. A wealth of actual business examples throughout this edition include more service-oriented situations to mirror the shift toward the service industry in the economy today. A new emphasis on ethics prepares students for CPA and CMA exams. You'll find more variety and stronger end-of-chapter problems and exercises that correspond directly to AACSB and CMA standards to ensure student understanding in these important areas. A new, outcomes-driven ThomsonNOW<sup>®</sup> online teaching and learning system saves you time and offers the ultimate flexibility in planning, managing, and grading your course with personalized learning paths to ensure stronger student performance and ongoing satisfaction with your managerial accounting course.

Gain an understanding of the principles behind cost accounting and its importance in organizational decision making and business today with the unique, reader-friendly approach in Hansen/Mowen/Heitger's *COST MANAGEMENT*, 5E. This edition addresses functional-based cost and control and, then, activity-based cost systems - giving you the skills to navigate any cost management system. Updates address emerging developments, including the role of data analytics in cost management today. An entire new chapter also examines global issues, such as virtual currency and blockchain. This edition's extensively researched, proven approach is tailored to the way you learn. Structured examples from familiar companies emphasize the real-world applications and relevance of what you are learning. In addition, clear explanations review the concepts behind each equation or topic, detailing the hows, whys and what-ifs. Managerial Accounting is characterised by a strong pedagogical framework and a dynamic and practical approach that directly demonstrates how students can develop their careers in real life. The text introduces students to the underlying concepts and applications of management accounting tools based on the traditional allocation approach and absorption costing method, and uses "Staircase" exercises in each chapter to build knowledge and help learners to link the content between chapters as they progress through the book. This title uses easy-to-understand, student-friendly language, uncomplicated examples, a logical discussion of concepts that matches student learning processes, and clear visual explanations that support student understanding.

Get where you need to be with CORNERSTONES OF FINANCIAL ACCOUNTING. Cornerstones delivers a truly unique learning system that is integrated through the entire introductory managerial accounting journey – ensuring students will leave the course with the knowledge they need to be future business leaders. Students are guided through: Building A Strong Foundation: Students need to build a strong foundation of the fundamentals before they can move forward in this course. The unique Cornerstones approach gets them through the fundamentals FASTER so that they can transition to analyzing and applying concepts. Understanding Relationships: Rather than focusing on concepts in isolation, students should understand accounting as a system and recognize how the end result changes based on how the numbers affect each other. CORNERSTONES aids students in this step as an important part in training them to be good decision makers. Making Decisions: Armed with the knowledge they have gained from working through the other aspects of the Cornerstones approach, students are now given the tools to bring their knowledge full-circle and practice making good business decisions. Students love this approach because it presents materials the way they learn. Instructors love it because it gets students to master the foundations more quickly and allows more time to learn and apply the analysis and decision making of accounting.
