Battles rage as the epic science fantasy adventure saga continues. The maritime ubarate of Cos and her allies are mounting an attack on Ar on two fronts—from the South with a major invasion force and in the North with an expeditionary force besieging Ar's Station, Ar's base of power in the vast arable basin of Gor's mightiest river, the Vosk. Dietrich of Tarnburg, a mercenary, has seized Torcodino, with its stores of military supplies,

Cabot has delivered letters from Dietrich to the regent of Ar, apprising him of the situation at Torcodino. Tarl escapes his imprisonment and ponders whether he should then flee Ar's Station, making his way to freedom through its miseries and desolations, its ruins and flames, or shall he remain, to defend her weakened, betrayed, starving defenders, those who had been his very captors?

Swords, slaves, and spies bring a Counter-Earth to vivid life in the cult classic series that's "a legend in speculative fantasy" (Boing Boing). Cabot and his friend Marcus, of Ar's Station, who have been spying for Ar in the Cosian encampments, now seek the long-inert forces of Ar to report acquired intelligence to their commander, Saphronicus, who proves to be of the treasonous party of Ar. Cabot and Marcus are placed under arrest, as spies.

Primary forces of Ar, largely inactive in recent months, are now to pursue Cosian forces withdrawing from Ar's Station, through the vast Vosk delta to the sea. The Cosian forces, however, have avoided the delta, and the delta campaign is a ruse to decimate the armed might of Ar, to use as a weapon the marshes and swamps of the delta itself, their treacherous, trackless wildernesses and wastes, the quicksand, the insects, the serpents and reptiles, the local populations, to deliver a final decisive blow to what was once the unchallenged splendor and power of Gor's finest infantry. Ar, defeated, shamed, and systematically looted, is occupied by Cosian forces. Perhaps Marlenus of Ar alone, the great ubar, could remind the men of their Home Stone and its meaning. But it is thought that he perished in the Voltai. Young women from Earth brought to Gor are commonly taken to the markets to be branded, collared, and sold as the delicious, lovely livestock they are. Such is the case of a young woman whom we shall call Janice, for that was her Gorean slave name. In the prison pits of piratical Treve there exists

fallen from favor in the Steel Worlds, now sought by a death squad of his savage compeers, has determined to lure his pursuers into the Barrens, the vast prairies to the east of known Gor, populated by warring tribes known to Goreans as the Red Savages. He has arranged matters in such a way that he will be abetted in his stand against the death squad and its human allies by a human ally of his own—his former foe, Tarl Cabot.
