New this year is an ?Herbal and Alternative Therapies? section. This is the Pocket Pharmacopoeia for the power user! The expanded version of the classic Tarascon Pocket Pharmacopoeia continues the high-quality tradition of a convenient and organized pocket manual detailing typical drug dosing (both FDA approved and off-label uses), available trade and generic formulations, metabolism, safety in pregnancy and lactation, Canadian trade names, and relative pricing information. The Deluxe takes it all a step further by including additional drugs and dosing indications, black-box warnings, notes regarding adverse effects and drug interactions, and a table of cytochrome P450 isozymes. Packed with this expanded information and more tables than the Classic, the Deluxe is still small enough to comfortably fit in your lab coat pocket. As with the Classic, all entries are meticulously peer-reviewed by drug information experts and clinicians of multiple specialties.

Great for parents! Fun and colourful workbooks filled with teacher-approved activities that are perfect for independent practice at home or enrichment programs. Activity book comes with: Fun and colourful pages to make learning exciting Quick assessment tests to ensure child's mastery of each topic Motivational stickers to encourage and reward the child Completion certificate to provide the child with a sense of accomplishment Also available: online resources for parents to extend their child's learning. Visit [www.ScholasticLearningExpress.com](http://www.ScholasticLearningExpress.com).

Get to grips with a new technology, understand what it is and what it can do for you, and then get to work with the most important features and tasks. A concise guide written in an easy-to-follow format following the Starter guide approach. This book is for people who have not used Spring Security before and want to learn how to use it effectively in a short amount of time. It is assumed that readers know both Java and HTTP protocol at the level of basic web programming. The reader should also be familiar with Inversion-of-Control/Dependency Injection, preferably with the Spring framework itself.

Witch Lark McClure has survived a vicious vampire attack that shook her confidence and left her struggling with feelings of helplessness and fear. The last thing she needs is a partnership with Gawain, a handsome vampire knight who means to seduce her every chance he gets. Gawain believes he needs Lark for one thing and one thing only—and it ' s not her skill with magic. In the process, he plans to help her overcome her fear and show her the pleasure to be found in a vampire ' s arms. But even as passion sizzles between Lark and Gawain, a revenge-driven killer targets them. If he has his way, Lark, Gawain, and the world itself will pay the price.

US oil production has been plunging downward since 1986. The result is that gasoline prices have been going up. If you do not like high gasoline prices, this book is for you.

Witty, warm, and poignant, food blogger Sasha Martin's memoir about cooking her way to happiness and self-acceptance is a culinary journey like no other. Over the course of 195 weeks, food writer and blogger Sasha Martin set out to cook--and eat--a meal from every country in the world. As cooking unlocked the memories of her rough-and-tumble childhood and the loss and heartbreak that came with it, Martin became more determined than ever to find peace and elevate her life through the prism of food and world cultures. From the tiny, makeshift kitchen of her eccentric, creative mother, to a string of foster homes, to the house from which she launched her own cooking adventure, Martin's heartfelt, brutally honest memoir reveals the power of cooking to bond, to empower, and to heal--and celebrates the simple truth that happiness is created from within. "This beautifully written book is both poignant and uplifting. Not to mention delicious. It's an amazing family tale that reminds me of *The Glass Castle*, but with more food. And not just any food: We're talking cinnamon raisin pizza." --A.J. Jacobs, author of *The Year of Living Biblically* "Life From Scratch is an unconventional love story. This beautiful book begins with the quest of cooking a meal from every country--a noble feat of it's own!--but then turns it into something far beyond a kitchen adventure. Be prepared to be changed as you experience Sasha's journey for yourself." --Chris Guillebeau, author of *The Happiness Pursuit* From the Hardcover edition.

With grit, courage and dogged determination, Joanne challenged the status quo -- and won. Now, as newly elected Sheriff of Cochise County, Arizona, she must battle the prejudice and hostility of a mistrustful, male-dominated police force -- and solve a grisly double homicide that threatens to tear the sleepy desert community to pieces. For the two bodies baking in the harsh Southwestern sun are connected by sinister threads that reach back generations -- and by devastating family secrets of greed, hatred and shocking abuse that could destroy the innocent along with the guilty.

DK Eyewitness Great Scientists is an exciting and informative guide to the fascinating lives of the world's most famous thinkers, philosophers, inventors, innovators and pioneers. Stunning photographs offer a unique "eyewitness" view of the ideas and innovations that have changed the way we live today. Your child will discover all about Benjamin Franklin's electrical charges, Albert Einstein's theory of relativity and the many others whose discoveries have shaped our world. Great for projects or just for fun, make sure your child learns everything they need to know about Great Scientists. Find out more and download amazing clipart images at [www.dk.com/clipart](http://www.dk.com/clipart).

Ever wonder what to put in a nursing note? This pocket sized guide provides you with over a hundred templates for written and verbal communication in nursing to help you.
