Presents a behind-the-scenes look at the Robertson family, documenting the teenage romance and marriage of Willie and Korie Robertson, their success as a multi-million dollar hunting equipment business, and their rise to stardom on reality television.

The wives of the Robertsons all came into the family the same way: they fell in love with one of the Robertson boys. In the Duck Dynasty TV series, the women often come into their own when the whole family gathers around the table together to eat dinner, and fans of the show get a good glimpse into their lives, but that is hardly the whole story, which is why they decided to write this book... In *The Women of Duck Commander*, the wives show how they have worked together to help one another and to support the family in all its work and its happiness. They are committed to timeless values, and in the book they share the insights, stories, and experiences that have made them who they are. The appeal of the Duck Dynasty comes, not because they are showing us anything new, but they are reminding us of the values our culture is in danger of losing.

In this four-book juvenile fiction series featuring the popular Robertson family of Duck Commander and written by Phil's grandson John Luke Robertson (with Travis Thrasher), readers are invited to participate in the zany fun of the Duck Commander world. After a few chapters, readers can choose to go down different paths—all filled with humor and life lessons. In this volume, Jase and John Luke are offered the chance to go to a special island for the greatest hunt of their lives. They get to pick their weapon of choice and a unique location on the island—mountains, cave, forest, river, etc. Then they get to choose their animal. The only thing is that these aren't ordinary animals. They are bigger and wilder than the Robertsons have ever seen. Will the guys be up for the challenge? Or will these bigger-than-normal animals show the Duck Commanders who is really in charge?

This no-holds-barred autobiography chronicles the remarkable life of Phil Robertson, the original Duck Commander and Duck Dynasty® star, from early childhood through the founding of a family business. *LIVING THE DREAM* Duck calls—though the source of his livelihood—are not what makes Phil Robertson the man he is today. When asked what matters in his life, he's quick to say, "Faith, family, ducks—in that order." It isn't often that a person can live a dream, but Phil Robertson, aka The Duck Commander, has proven that it is possible with vision, hard work, helping hands, and an unshakable faith in the Almighty. Phil's is the remarkable story of one man who followed the call he received from God and soon after invented a duck call that would begin an incredible journey to the life he had always dreamed of for himself and his family. In the love of his country, his family, and his maker, Phil has finally found the ingredients to the "good life" he always wanted. If you ever wind up sitting face-to-face with Phil, you'll see that his enthusiasm and passion for duck hunting and the Lord is no act—it is truly who he is. If you've watched the exceedingly popular A&E® program Duck Dynasty®, you already know the famed Phil Robertson. As patriarch of the Robertson clan and creator of Duck Commander duck calls, he fearlessly leads his family in a responsible work ethic and an active faith. But what you don't know is his life before the show. In the pages of this book, you'll learn of Phil's colorful past and his wild road to the "happy, happy, happy" life he leads today. Before the "happy," Phil's passion for the outdoors and wild living led him down some shady paths. As a young husband and father, he became the proprietor of a rough bar and lived a life, as he says, of "romping, stomping, and ripping" for a number of years. He even left his wife and young boys for a short period of time. Through it all, Phil Robertson has lived his life as a "called" man. Called to live off the land, called to leave a starring role in Louisiana Tech football (playing ahead of Terry Bradshaw) for duck hunting, called to wild living, called to create a new kind of duck call—and finally, called to follow God and lead a life of faith. In this eye-opening and rousing book, you'll find stories that will shock you, as well as those that will inspire you. You'll get to know the man behind the legend, and you'll come away better for it.

The star of the global hit TV series Duck Dynasty gives his inside track on life and the Robertson clan. With more than 12 million viewers in the US now tuning in to watch the latest episodes of the Duck Dynasty, and a growing cult following in the UK and around the world, there is sure to be an eager audience for this wonderful volume from the Ducks' favourite uncle. Si is the wise-cracking, tea-drinking uncle of the Robertson clan. His book showcases his unique, often weirdly true (if somewhat nonsensical) sayings about life, ducks and everything in between. He talks about his off-screen family members, including his wife and children, to provide a new insight to the wider Robertson world and give a revealing glimpse into his life and times – something that is sure to delight his millions of fans. In a world that is often made more complicated than it needs to be, the Robertsons show that there is another way to achieve peace and happiness. With more than a million copies already sold in the US, where it has been a No 1 bestseller, *Si-Cology 1* is the perfect gift for all fans of the Duck Dynasty.

This 365-day devotional contains a brief message, an inspirational scripture and a prayer for each day of the year. With contributions from all the members of the family, from patriarch Will and his wife Kay, to their four sons (Willie, Jase, Jep and Alan) and their beautiful wives and children, not to forget Uncle Si, this book reveals the faith that lies at the core of all that they do. The Robertson

clan's flair for down-home wisdom and wit has rarely been better illustrated than in this volume, which is sure to appeal to their many fans. We even get to hear from Martin and Godwin, the only two non-family members who are regulars on the show.

It's time to take back what the devil has stolen and put God back into our culture. Phil Robertson, patriarch of A&E's Duck Dynasty and one of the most recognized voices of conservative Christianity in America, believes that little by little, generation by generation, America has allowed the lines of morality, decency, and virtue to be erased. Our values have disappeared as we began to believe lies—such as that God is dead, truth is relative, and unity is impossible—that have brought discord, division and protest. But Phil also believes that things can change. Writing with captivating storytelling and unflinching honesty, Phil shows how to make America a God-honoring nation once more: by dropping the ten central lies that rule our day and taking up the ten truths that will bring peace of mind, harmony, and prosperity back to our country. *The Theft of America's Soul* is a prophetic wake-up call for all who desire to see our nation thrive. And it is also an invitation to experience the life-giving, peace-filling, wholly-transforming love of God.
