Life insurance is a financial product that enables you to leave behind money for your family when you die. This can be used to support them for a number of years, to replace lost income, or to pay off a large debt such as your mortgage. You pay a monthly premium for life insurance.

What is life insurance? The different types of life ...

A short, clear, and simple handbook on how to live a proper Buddhist lay life was therefore a much felt need. The present essay attempts to fill that gap by providing exactly what its title offers: A Simple Guide to Life. For easy reference the essay has been divided into short, convenient sections. The first section is theoretical in emphasis.

A Simple Guide to Life

When you buy life cover, it can last either for a fixed period or for the rest of your life. A policy that lasts for a fixed time period is known as term. If you only want cover for your mortgage ☐ which will typically last 25 years ☐ or to give your family a financial safety net, then term insurance is usually more appropriate.

Over 50 life insurance is an affordable type of life cover for anyone over 50. You pay a monthly premium and the policy pays out a cash lump sum when you die. You'll find everything you want to know, and need to know, about life insurance for the over 50s in this simple and straightforward guide.

A complete guide to over 50 life insurance | SunLife

It's cheaper than level term life assurance as the insurer usually has to pay a lot less. See our Mortgage Life Insurance guide for how to get it. However, if you want to leave a lump sum for your dependants to cover other debts and ongoing spending, a level term life insurance policy, while more expensive, is likely to be a better option.

Jay Phelan's What is Life? A Guide to Biology is written in a delightfully readable style that communicates complex ideas to non-biology majors in a clear and approachable manner. After reading Phelan's book, students will understand why they would want to know and talk about science. His skillful style includes asking stimulating questions (called Q questions) which encourage the student to keep reading to find the answer and will illuminate just how relevant science is to their life.

The most successful new non-majors biology textbook in a decade returns in a vigorously updated new edition—with every chapter of the book carefully revised by Jay Phelan, based on the feedback of hundreds of instructors and students. The Second Edition brings forward the book's hallmark features (clear and consistent illustrations, beautiful photographs, Take-Home Message summary sections, StreetBio: Knowledge You Can Use, and Red Q Questions) while adding new pedagogy, updated content, and expanded media/supplements package. A moment of contemplation in a frantic world to allow your heart to sing and spirit to soar!

"What is the meaning of life?" Throughout history, people have spent much of their lives trying to explain how the world works and why. Initially, they seek to live better lives and thrive. Ultimately, they seek to find purpose and significance in their existence. Experience the scientific and philosophical journey billions of years in the making to answer the question that all living beings capable of rational thought will ask themselves: why are we here? Over the course of that journey, you will come to understand how humans determine their meaning and, with some of your own analysis, discover your own purpose along the way.

Created for smart, aspiring young women, The REAL SIMPLE Guide to Real Life offers REAL SIMPLE's clever solutions for navigating adulthood with ease, confidence, and style. This essential handbook helps to simplify (and demystify) landing a job, finding an apartment, decorating on the cheap, cooking for one, dressing for work, organizing a small space, picking a mentor, writing a thank-you note (yes, they're still a thing)-plus all the know-how you need to deal with 401(k)s, kitchen fails, epic hangovers, messy roommates, and even messier breakups. Packed with useful 'Life 101' tips, the book also features essays from bestselling writers (including Cristina Henriquez and J. Courtney Sullivan) and advice from relatable and successful women (like Jessica Alba and Emmy Rossum) about what they wish they had known when they were starting out. The REAL SIMPLE Guide to Real Life is full of wit, wisdom, and practical information--a trusted, must-have resource for making every crazy, colorful day easier. Gift it to a recent graduate or young woman who aspires to have it all or keep for yourself as a reference to help you thrive in the real world.

Overwhelmed with unnecessary stress and piles of useless stuff? Discover how to ditch society's expectations and live by your own rules. Exhausted from chasing ill-fitting definitions of success? Struggling to manage your daily to-dos while failing to make progress on what truly matters? Author and digital nomad Gary Collins has thrived since walking away from a stable, unfulfilling job to build a joyful, debt-free, and off-the-grid lifestyle. After teaching thousands of people to step off the burnout treadmill, he's here to share the step-by-step process for living your dream. The Simple Life Guide To Decluttering Your Life: The How-To Book of Doing More with Less and Focusing on the Things That Matter provides realistic solutions to guide you toward a genuinely happy life. With straightforward, no-nonsense advice, Collins demonstrates how to overcome crippling frustration to reorder your priorities. The book's path to your new purpose will help you once and for all usher in a healthier, better way of living.
