Just like with library books, when you check out an eBook from OverDrive it'll only be loaned to you for a few weeks before being automatically taken off your Kindle. You can also borrow books through their mobile app called Libby.

Differential And Integral Calculus Piskunov

Piskunov's textbook is the best pedagogical introduction to calculus with applications. Their weakest points are in its chapters related to differential calculus in several variables. Probably the reason for this deficiency is that linear algebra was not an accepted subject in the technical curriculum at the time this book was written.
