Cables & Harnesses - Ag Express Electronics

The monitor is from a 900 planter. The wiring harness was shot when I bought the planter so had AG Express make me a harness for the early riser monitor. I had everything all hooked up seed in the drums and I pulled it for about 100 feet in the driveway and it still said fail. Maybe I didn't go far enough, I guess I'll get a manual from the dealer.

Early Riser Monitor - General IH - Red Power Magazine ...

Early Riser planter, starting with the industry-leading row unit and making it even better so you can spend more of your day planting. Not all fields are postcard perfect or workbench level. Not all soils are mellow sandy loam. Residue conditions vary. The new 2000 series Early Riser planter quickly knows and accommodates these differences.

EARLY RISER - CNH Industrial

Depending on which 900 operator's manual you have (the newer reprints from CIH are different than the originals depending on the planter's vintage) some of the monitor installation info is in it, but there is a separate Early Riser monitor manual as well.
